

# POSITIVE SOLUTIONS FOR FAMILIES TRAINER OF FACILITATORS

*This is a trainer of facilitators on the Wisconsin Positive Solutions for Families content (updated Spring 2016). Facilitators use the materials to provide information and strategies for families of preschoolers to promote children's social and emotional skills, understand their child's challenging behavior, and use positive approaches to help children learn appropriate behavior. The Positive Solutions for Families content is designed to be delivered in 5-6 weeks of face to face parent networking sessions. The content aligns with Wisconsin's Pyramid Model training for teachers and has been updated to align with other Wisconsin information.*

*This workshop session is for anyone who 1) has a responsibility of providing parent education to families of preschoolers and 2) availability to facilitate parent groups. Participants who attend this training will be able to train parents in evidence based practices to promote social emotional development and therefore decrease challenging behavior.*

*This Training is limited at the first 50 registrants*
